5. Course details

HEAT 1:	GALLIPOLI-S.M. LEUCA A course of approx 30 nm, from Gallipoli to S.M.Leuca.
HEAT 2:	S.M.LEUCA-GALLIPOLI A course of approx 30 nm,from S.M. Leuca to Gallipoli.
PIT STOP:	All participant will carry out a mandatory "Pit Stop" after the arrival in the Marina of S.M. di Leuca, lasting hr 1:30, later there will be a new start to Gallipoli.

Charts: All courses will be within the area covered by Istituto Idrografico della Marina chart 28. More detailed charts will be advised in Race Instructions

6. Event safety cover

This event will be run in accordance with UIM/FIM safety requirements and as set out in the Event Risk Assessment.

Safety cover will be provided through the course Gallipoli to S.M. di Leuca and return. After "Punta del Pizzo" there will be by motorboats and ribs, cover in the vicinity of Punta Torre Suda, Torre San Giovanni, the navigation light of Secche di Ugento, Punta Ristola e Santa Maria di Leuca. Two fast boat, with a medical rescue Team from FIM, will follow in the rear the participants. In Torre San Giovanni you can have a berth service in case of emergency. The only mandatory point in the two course direction (North-South/South-North) of turning is the navigation light of "Secche di Ugento", where there a Jury boat will check the passages. Safety navigation control will operate from the supervision of National Coastguard, Command of Gallipoli, will be kept fully informed of the progress of the event and may keep a listening watch.

All competitors running boats with cockpit safety cells and restraints are reminded that they are responsible for their own safety and that, in the event of a capsize, their own survival depends on their ability to extract themselves from the boat. Limited safety cover at the event may be available to assist, but all crews must accept that this assistance cannot be relied upon and should be considered as secondary to their own capacity for self-extraction. The UIM recommends that all crews in restraint boats take a scuba diving course such as provided by PADI or BASC.

If you are intending to enter a canopied/restraint boat in the Salento Offshore Speed Race, please contact the F.I.M. www.fimconi.it, or your NA, before submitting your entry form.
